UNOG DCM at COP 26

DCM had 4 primary roles

- Interpretation
- Conference Support
- Translation
- Document Distribution
UNOG DCM at COP 26

- 62 UN Staff + 4 Freelance Interpreters. 11 UNHQ, 1 UNON, 50 UNOG.

- 56 of 66 were interpreters (4 teams)
- +Chief Interpreter
- +Deputy Conference Coordinator
- +4 Conference Officers
- Main Conference Coordinator operated remotely

- Translation was supported remotely from Geneva

- 1+1 Document Distribution
UNOG DCM at COP 26

• Interpretation the most visible activity
• All 6 UN languages, in multiple rooms
• Also had to handle some countries speaking in non-UN languages with their own interpreters
UNOG DCM at COP 26

- Conference Officers managed the meeting rooms
- Responsible for the name plates in the rooms
- Ensuring interpreters had copies of speeches
- General assistance to delegates
- Relied heavily on a large pool of volunteers from UK government
UNOG DCM at COP 26

- Translation of the official documentation of COP 26 was done by UNOG translators.
- This work was done remotely from Geneva.
- Translation was done from English to the other 5 official languages.
UNOG DCM at COP 26

- COP 26 was largely paperless. No distribution counter.

- Official document distribution was therefore significantly reduced in comparison with previous COPs.

- Distribution of official documents was just done for the interpreters.
30 minutes

Breakout rooms sessions

1 – Multilingualism
2 – Conference Technology
3 – Information services for Conference delegates
4 – COP26 & UK Government
